**Reference: Application to install a car park storage unit in garage space .....**

Hello

Please find this letter as an application to position a car park storage in the garage space #.....

Should you agree to grant permission I will be agreeing to the following terms:

1. The Tidy Locker will be in my allocated "exclusive use" car space.
2. The proposed unit is to be supplied and installed by Tidy Lockers Pty Ltd and is of a standard size, design, and quality as shown in their website [www.tidylockers.com.au](http://www.tidylockers.com.au). Following is a photo of the proposed unit as supplied by Tidy lockers Pty Ltd.
3. I am responsible for all costs associated with purchase, installation, and maintenance of the said storage unit.
4. The storage unit will be totally contained within my allocated car space and not interfere with access to, and use of any other allocated car spaces, common property area, or access to essential / safety services.
5. The storage unit is free standing, stable, and will not be affixed to any common property or building structure.
6. I undertake to remove the unit should I leave the building or upon your request.
7. It will comply to the required distance from fire sprinklers
8. Insurance of the storage Locker and its contents are my responsibility. I waive any liability and/or responsibility otherwise on the Body Corporate/Body Corporate Committee for any damage or loss occasioned to the storage unit and or its contents contained therein, no matter howsoever caused.

I hope this application meets your requirements. Should you have any amendments or additions to the conditions please contact me on the details below.

Your prompt approval of the above request would be very much appreciated. Many thanks in advance.

Yours sincerely,
